Dear Sirs,

Horsham Society wish to support Planning Application DC/18/1127, to construct a new viewing hide and discovery hub at Warnham Nature Reserve. However we do have certain queries and clarifications.

Greater detail is required of the roof construction - is it flat or pitched?

Further details are required of the proposed landscaping and the reason for removal of trees, which should surely be incorporated into the scheme.

We note that the ecological report has been redacted, and an explanation should be given.

Yours faithfully,

██████████ (secretary to Horsham Society Planning
Sub Committee).
