Stance: Customer objects to the Planning Application

Reasons for comment: - Design
- Other

Comments: 18th March 2019.

Dear Sirs,

Horsham Society have taken the opportunity to review Planning Application DC/19/0421 and object strongly to the current proposals, having already lodged an objection to the original application. We would point out that 34 Richmond Road is situated in a Conservation Area and any proposed works/alterations should be carefully designed with the location of the property in mind.

In the case of the current application, location has been totally disregarded when designing the proposed alterations, which in no way can be described as cohesive or sympathetic to the other properties in the area. The proposals are a combination of extensions, additions, removals, dormers and Velux roof lights, with little or no thought having been given to the finished appearance. Furthermore, it would seem that the

staircase does not comply with the current Building Regulations.

It is for the above reasons that Horsham Society object to Planning Application DC/19/0421.

Yours faithfully,

 (Secretary to Horsham Society Planning Sub Committee)
