- Privacy Light and Noise

COMMENTS:

Dear Sirs,

Horsham Society have taken the opportunity to review Planning Application DC/20/1696, for the erection of dwelling houses on terrace units, to which we object for the following reasons:-

1) This application is for an extension under "permitted development" and adds two storeys to the development. This will result in the building being taller than the adjacent Capitol Theatre and residential properties in Norfolk Road.

2 Additional information is required regarding the building services plant, to be installed. There is also concern with the possible exposure to noise from plant which is installed on the adjacent Capitol Theatre roof.

It is for these reasons that Horsham Society wish to lodge an objection to Planning Application DC/20/1696.
